UNITED KINGDOM / DIVING EQUIPMENT

JFD

James Fisher Defence

JFD, part of James Fisher and Sons, develops diving equipment and underwater life-support systems for commercial and defence users. Its portfolio brings together the engineering heritage of James Fisher Defence and Divex.

PRODUCT FAMILIES

01 Shadow life-support system

A modular rebreather family for defence diving, with front and back mount options and supporting equipment.

02 Stealth diving systems

The Stealth range includes life-support systems for specialist diving roles, including mine countermeasures.

03 Commercial diving & hyperbaric systems

Professional diving equipment, saturation systems, rebreathers and hyperbaric support for commercial operators.

DISCUSS YOUR REQUIREMENT WITH SSSB

Product selection, procurement and after-sales support. Contact our Johor Bahru team at +60 7-235 2330 or info@semenanjungselatan.com.
